- 6) **Please give a summary of the programs you offer:** Environmental Programs will be available to the community on weekday evenings and weekends. These include bird watching, nature walks, and workshops on composting. Partners such as the National Aquarium in Baltimore and Living Classrooms Foundation are leading programs with our local schools on growing wetland grasses and reducing runoff pollution in the local communities. Masonville's environmental programs take place onsite and throughout the community. By helping the local community become greener, we are reducing the amount of trash and other runoff pollution that ends up in Masonville Cove and the Chesapeake Bay! Our goal is to provide many different fun ways for families to learn more about our urban ecology and spend time together in nature.
